Born amidst the fading shadows of colonial rule in the East, Arthur Henley was raised amongst vibrant markets and bustling kitchens. An intrepid gastronome with a penchant for adventure and affinity for the exotic, Henley embarked on a culinary odyssey across the Orient.

Armed with only a zest for discovery, Henley devoted his life to the procurement of gastronomic wonders.

This establishment is devoted to be the embodiment of his epicurean spirit and catalogue of indulgences.

Set in the Far East in an era long past, this establishment is a nod, tribute and fan-addition to the enchanting and whimsical world of Wes.

Our menu items are its characters;
our wall art, its scenes,
and our music, its soundtrack.

We hope you enjoy this journey as much as we have enjoyed creating it.
